Subject: thank you

Hi there;

I like the case 281 US 464 and 261 US 428 and 1 stat 138: real good and then I found one at 411 US 464, so thank you for all the INFO, and just to let you know they still have not given me sweat lodge yet since they have put me in hear!!!! and I do get sage, sweet grass, cedar, and tobacco, once a week; just so you know, and there is no one else in hear of the same status, so this I a bummer, all there is is ISIS in hear, so that you know why I am going crazy with them I do not know how much longer I can stand it, time will tell, and it dose not look good, every day they have to say some thing about it, and they stand out in front of my room and talk all this ghad shit, so this is a problem you know; so thank you:

God is Justice:

Love Me.
